Edward Bichsel, Prominent Weber Clerk Said to Control Manufacturer, Suffers Severe Injuries in Collision.

Special to The Tribune.

OGDEN, Aug. 28 .- A serious automooccurred at noon today when Edward Bichsel, a prominent manufacturer of Ogden, was run down and painfully injured by Driver Lawrence T.

painfully injured by Driver Lawrence T. Dee, son of the late Thomas D. Dee. According to those who witnessed the sceldent. Dee was driving a powerful runabout at a high rate of speed along Washington avenue between Twenty-fourth and Twenty-fifth streets.

While Mr. Bichsel's injuries are not regarded as dangerous, they are very painful. They consist of a fractured shoulder blade, a scalp wound on the right side of the head and bruises about the body. Mr. Bichsel is past middle age and this fact will make his recovery slow. That the manufacturer was not fatally injured is regarded by eye-witnesses as remarkable, for he was struck full in the side by the car and was pulled from beneath the machine, although none of the wheels passed over his body or limbs.

The accident occurred in front of 44 Washington avenue. Mr. Bichsel, who is partially deaf, stepped from behing a wagon at the east side of the avenue and did not hear the approaching auto. Dee applied the brakes but could not stop his car in time to avoid striking the man. Mr. Bichsel was removed to his home. 718 Twenty-fifth street, in an auto and was reported this evening to be resting

#### RAILROAD MEN LEAVE MEXICO. Life in Republic Unsafe Under Existing Conditions.

Special to The Tribune. OGDEN, Aug. 28.—That the officials of the Mexican railroads consider Mexico no place for a life-loving man to be during the present turbulent condition of that country was shown today when R. Co-lada, president of the Centrale de Mexico railway, passed through Ogden en route to Chicago. It was only a few weeks ago that the president of the National Reil-

that the president of the National Rall-ways of Mexico was also in the city on his way east.

S. W. Sulinger, an American locomo-tive engineer employed by the Mexican railroads out of El Ora for several years, was in the city today and offered a pos-sible explanation of the presence of high Mexican railroad officials in America at this time. In the past month, when so many of the American railroad employees have been leaving Mexico, there have been fifty-six head-on collisions and twen-ty-six boiler explosions on the Mexican roads. This is said to be due to the lack of care and general incompetence of naof care and general incompetence of na-

ive employees.

In the opinion of Mr. Fulinger, Mexico is doomed, so far as American investments are concerned, unless there is American intervention. Railroad conditions there, he says, are in a deplorable condition.

## REFUSES SCHOOL SUPPLIES.

OGDEN, Aug. 28.—Refusing to accept a shipment of 11,520 composition books, which were to have supplied the Weber county schools during the coming school year, the board of education took steps today to return the entire consignment, which had been ordered from an eastern manufacturing concern through the Memanufacturing concern through the Mc-Millan Paper & School Supply company of Salt Lake.

of Salt Lake.

It was found that the paper used in the manufacture of the books was farbelow the quality promised when the books were ordered, but the fault, according to Clerk L. H. Froerer, does not lie with the Salt Lake company, which acted in good faith. The trouble is said to have originated with the shipping clerk of the eastern company. The shipment will be replaced with the proper quality at once, although the error may cause some inconvenience at the opening of the fall term on September 16.

OGDEN, Aug 28.—By way of an apology to the 150 men and women who gathered in City Hall park this afternoon to hear Governor Hiram Johnson of California, and were disappointed, William Glasmann, chief of the Ogden Buil Moose'rs, declared that the Progressive vice president had been "kidnaped" and detained in Salt Lake.

Governor Johnson was widely advertised to speak at the city hall at 3 o'clock this afternoon. He was scheduled to arrive on the Los Angeles Limited shortly after noon and when that train pulled into the Union depot and the reception committee found no Governor Johnson, the wires were made warm between Ogden and Salt Lake in an effort to locate the missing governor.
